Hip-Hip Hooray it's May! We are so excited to grow our minds as we head into the end of the school year! We have five weeks of jam packed fun this month so let's get started!

The first week of May we will be getting ready for our window decorating contest! We will be taking inspiration from Dr. Seuss's "Oh the Places You'll Go". We will transform the Aqua Room into different countries to travel to! We will even blast off into outer space to explore.

Our second week will be all about Mom! We will work on a special Mother's Day gift! Our sight word of the week will even be mom! We will also do fun art such as cupcake flowers, and paper plate muffins!

The following week we will get to explore all kinds of bugs and insects! We will count and group different types of worms, and also learn about the transformation of a caterpillar to a butterfly. Kids will get to create a lady bug out of paper plates, as well as a clothespin dragon fly for art.

The fourth week we will jump into garden-

ing! We will study and label the different parts of a flower as well as create flowers with our own faces in the middle! We will distinguish the difference between fruits and vegetables as well as do fruit and vegetable paint stamping.

Our last week will be super fun and interactive as we focus on the farmer's market and grocery stores! Kids will practice math skills through grocery store imaginary play as well as adding and subtracting pizza toppings! Kids will also paint and create their own taco.

REMINDERS

- Book Fair April 30—May 4
- Mother's Day May 13th
- No school Memorial Day May 28th!
- Please apply sunscreen to your children at the beginning of the day!
