This year has surely gone by fast. As we enter the last few weeks of the year we explore 3 new topics,

Winter, New Years, and Holidays Around the World.

During our first week of December, we are going to get to know our new season Winter a little bit better. We will discuss activities done during the winter time, building a snowman, clothes, and winter animals. Students will match the different amounts of winter treats to the corresponding number.

During our second week, we will jump right into New Year's. We will discuss how people around the world celebrate New Years, fireworks, what it means to count-down, how we at home celebrate, and resolutions. Students will make noise maker to ring in the new year.

Lastly we will explore Holidays Around the World. We learn about Christmas, Kwanza, and have fun with the gingerbread man. When discussing Hanukkah, students will add the number of candles on a menorah that matches the number on the board using play dough.

Spirit Week.
