

# Blue Room News

Ms. Alysa and Ms. Courtney

May Newsletter 2023

## This month at school

Welcome to Blue Room! This month's theme is Our Growing Minds!

For the first week of May, the letter of the week will be Ee. We will be doing all things Mother's Day and learning all about different types of families. For literacy, we will be identifying the letters that spell Mommy. For math, we will be working as a group to see how many people are in our family. For science, we will be making a chart to see what a family provides. For art, we will be making our own family tree.

The second week of May, the letter of the week will be Ff. We will be learning all about gardening. For art, we will be making our own garden salad. For literacy, we will be planting flowers in our alphabet garden. For science, we will be making beautiful bird feeders. For math, we will be practicing cutting different line patterns to our favorite fruits.

The third week of May, the letter of the week will be Gg. We will be learning everything about the farmer's market and the grocery store. For art, we will be making our own shopping list by cutting out our favorite items from the newspaper. For science, we will be Taste testing yummy fruits and vegetables. For literacy, we will glue yummy fish snacks to the letter G to create a goldfish tank.

For the fourth week of May, the letter of the week will be Hh. We will be learning all about bugs and insects. For art, we will be building our own bugs using different shapes. For literacy, we will be identifying uppercase letters on our bug mats and using a fly swatter when we name them. For science, we will be labeling the different parts of insects.

For the fifth week of May, the letter of the week will be Ii. We will be learning even more about bugs and insects. For literacy, we will be using butterfly wings to spell out our names. For science, we will be looking at different bugs under a magnifying glass, so we can see all the different parts. For art, we will be making ants in our pants using our fingerprints to create ants. For math, we will be matching big and small pictures of bugs.
