

# Orange Room Newsletter

Ms. Iris

November is here! All our kiddos had a wonderfully spooky time at our Halloween party. Thank you to all the parents who helped with the Halloween potluck, we appreciate all you do!

To start off November, the theme this week is all about harvest, and the letter of this week is letter J. We will be learning about the life cycle of a corn, gourd, and sunflower, and for a science experiment we will explore how to make dancing corn using corn kettle, vinegar, and baking soda. We are going to have fun art projects where we will be using corn on a cob for painting and make corn shakers.

In the second week of November, the theme is Thanksgiving, and the letter of the week is K. This week for math, we will be working on counting using objects such as candy corn, chain links, and unifix cubes. For art, we will be creating turkey crafts, a thank you card, and cornucopia.

For the third week of November, we will be discussing my Community and the letter of this week is L. We will be learning all about our community helpers, and how they help in the Community. For math, we will be learning to count 5 by 5 and 10 by 10, and for literacy, we will practice writing on the community helpers word wall. For art children will creating a community map, a police badge, doctor bags and a recycling truck.

In week four, the theme is maps and globes, and the letter of this week is M. This week will be short due to our Thanksgiving break, so we are going to get artistic with the continents. For art children will cut the continents to create a poster, and for science, we will be learning about the animals around the world and their habitats.

For the last week of November, the theme is traveling around the world, and letter of this week is L. We will be learning about structures around the world, and what we need to travel, and how airports work. For literacy, children will create a passport, and learn to build the countries names by connecting the letters with snap letter blocks. The arts will be filled with fun architecture designs, making an Eiffel Tower, Italy's Leaning Tower of Pisa, and an Egyptian pyramid craft.

11/11 - Veteran Day  
School Closed.  
11/23- 11/25  
Thanksgiving Holidays

Sophia 10/31-11/04  
Lincoln 11/07-11/11  
Eden 11/14- 11/18  
Devon 11/28- 12/02

Lincoln 11/16

The weather will start getting cold very soon and we want to make sure that your child is prepared. Please send your child in his/her jacket/sweater to stay warm in this chilly season.

## DETERMINED

I ask questions until I understand the answer. I try and try again. I never give up. I work hard to get what I want.
